

Bronx Sustainability Coordinator Gathering

Tuesday, June 21 from 4:00pm to 6:00pm

Bronx Guild High School

(1980 Lafayette Avenue, Bronx, NY 10473)

Join NYC Eco-Schools, science teacher and farmer Bill Lynam, and students from **Bronx Guild High School** for a tour of the school's biodiverse orchard, with over 200 fruit trees and 20 different fruit types planted by students and volunteers. You'll visit the school's productive food garden and learn about how a dedicated wild zone in the garden has attracted snakes, hawks, skunks and opossums. You'll meet the chickens who live in a coop with a green roof and even get to crack a beehive and taste some Bronx Guild honey! Refreshments will be served.

This event is free and open to both formal and non-formal educators across New York City. Check Google maps for directions.

RSVP online at <http://bit.ly/24ls4IE> by Monday, June 20, 2016
